Installation Safety Instructions

Caution: This mount is intended for use only with the maximum weights indicated. Use with equipment heavier than the maximum indicated may result in instability causing possible injury.

Do not attempt to install this product until all instructions and warnings have been read and properly understood. Please keep these instructions for future reference.

Please check carefully to make sure there are no missing or defective parts - defective parts must never be used. B-Tech AV Mounts, its distributors and dealers are not liable or responsible for damage or injury caused by improper installation, improper use or failure to observe these safety instructions. In such cases, all guarantees will expire.

General

B-Tech AV Mounts recommends that a professional AV installer or other suitably qualified person install this product. Great care must always be taken during installation as most AV equipment is of a fragile nature, possibly heavy and easily damaged if dropped. If you do not fully understand the instructions or are not sure how to install this product safely, then please consult a professional for advice and/or to install this product for you. Failure to mount this product correctly may cause serious injury or death both during installation and at any time thereafter. Do not mount any AV equipment that exceeds the specific weight limit of the product you are installing. This weight limit will be clearly stated on each product and its packaging and will vary from product to product.

Product location

Please pay careful attention to where this product is located, some locations are not suitable for installation. For indoor use only. Install stand on level ground. When verifying the stability of the structure, consider the following external factors: The strength of the floor, exposure to sudden and severe wind and danger arising from contact with people and / or objects (eg installations in passageways, emergency exits), if located in a public or frequently populated area ensure that the product is out of the immediate reach of people.

Fixing hardware

It is highly recommended that all fixing screws be used where supplied and that the purpose of all other fixing hardware is fully understood. In some cases more AV equipment fixing hardware will be supplied to accommodate different models of equipment and set up configurations. The installer must be satisfied that any supplied fixing hardware is suitable for each specific installation. The fixing kit supplied with the product may not be suitable for all walls. If any fixing screws or included hardware are deemed not sufficient for a safe installation then please consult a professional or your local hardware store.

Hazard limitation

When routing cables take advantage of any built in cable management features that the product might provide and ensure that all cables are tidy and secure. Check to see that any moving aspect of the product can do so unhindered by any cabling. Some products have moving parts and the potential to cause injury through the crushing or trapping of fingers or other body parts. Particular attention to the nature of moving parts is required especially when assembling installing and adjusting during set up. Immediately after installation double-check that the work done is safe and secure. Double-check all necessary fixings are present and are of ample tightness. It is recommended that periodic inspections of the product and its fixing points are made as frequently as possible (no more than 6 months apart) to ensure that safety is maintained. If in doubt consult a professional AV installer or other suitably qualified person.

- CN B-Tech AV Mounts 建议本产品由专业AV安装人员或其他合格人员安装。B-Tech AV Mounts 及它的代理商、经销商不对由于不恰当的安装而造成的损失或伤害负责。本产品必须安装在合适的架构上，并仅用于不超过所标示的最大承重。
- CS Společnost B-Tech AV Mounts doporučuje provést instalaci tohoto produktu instalátora AV či jinak způsobilé osoby. G	M6 Washer	4
H	M8 x 5mm Spacer	4
I	M8 x 15mm Spacer	4
J	M8 x 25mm Spacer	4

Suitable for loads up to 70kg (154lbs)

Installation Instructions

1. Pre-Drill Holes In Floor

Use the base as a template to mark fixing holes in the floor and drill fixing holes inserting suitable floor anchors (*not supplied*)*.

*M10 Anchors recommended

Bottom View

2. Attach Mounting Rails to Column

- i. Insert 4x *item 16* into the back of the rail.
Two in the top channel and two in the bottom channel - See *Fig 1* for positioning inside the rail. Repeat for both rails.

Fig. 1

- ii. Attach *item 8* to *item 9* using *items 16 & 17*.

- iii. Insert 8x *item 16* into the front channels of *item 3* (four in each channel).
Attach *item 8* to *item 3* using *items 16 & 17*.

3. Assemble Column To Base

- i. Attach *item 12* to *item 1* using *item 13*.
- ii. Stick *item 15* onto the bottom of *item 2* and place on the top of *item 1* aligning the holes.

Note: Place tape away from edges.

- iii. Use *item 4* to fix *item 1* to *item 3*.

Note: This section of *item 1* is attached later when the base is fixed to floor.

Note: For an easy install, all cables should be fitted at this stage. The Cable Guide will be inaccessible once installed.

Pop open the clips on the Cable Guide to insert cables.

4. Bolt Stand Down

Use the pre-installed floor anchors to fix base (*item 1*) to the floor.

Note: Use these floor fixings to fit the Cable Gудie to item 1.

Optional: Cable management.
Breakaway to allow external cable routing.

Optional: Use *item 14* to lock the base and prevent the stand from being retracted.

5. Fix Interface Arms To Screen

Fix *item 11* to the back of the screen using the screen fixing kit (*items A-J*).

Note: Ensure *item 11* are positioned the correct way round and the same holes are used on both arms.

Portrait Assembly

Note: Spacers (*items H, I, J*) are to be used for screens with recessed fixings.

Landscape Assembly

6. Mount Screen Onto Stand

Hook screen onto item 9.
(This may require 2 people)

Note: Ensure screen hooks onto both sets of rails.

Note: If necessary, once mounted laterally adjust the screen by hand.

7. Optional Screen Adjustment

If necessary, level the screen with the height adjustment screws at the top of *item 11*.

8. Lock Screen Onto Mounting Plate

Lock screen onto *item 9* using the safety screws on the bottom of *item 11*.

9. Add Caps And Cover To Stand

- i. Once cables have been routed down the back of the column, attach *item 6* to the rear of *item 3*.
- ii. Fit *item 5* to the top of *item 3*.
- iii. Fit *item 10* to the ends of *item 9*.
- iv. Insert *item 7* to the front of *item 3*.

Screen Servicing

Warning!

Avoid pulling the stand back by the top of the column.
